

DIPAK RAJENDRA PATIL

Data Analyst • Data Engineer • Machine Learning

dipakpatil20001@gmail.com • github.com/Dipakpatil2282 • linkedin.com/in/dipak-patil-693aa5291 • Pachora, Maharashtra

PROFILE

Computer Science graduate and PGCP-DBDA professional from C-DAC ACTS with hands-on exposure to Python, SQL, Data Analytics, Big Data technologies, Machine Learning and Data Visualization. Interested in building practical data pipelines, analytical solutions and intelligent applications.

TECHNICAL SKILLS

Programming: Python, SQL **Data:** Pandas, NumPy, Power BI **Big Data:** PySpark, Spark, Hadoop, HDFS, Hive, Kafka, Airflow

ML: Scikit-learn, Random Forest, XGBoost, LightGBM **Cloud/Tools:** AWS, Databricks, Git/GitHub, Streamlit

PROJECTS

Retail Intelligence Platform — PySpark, Kafka, AWS S3, HDFS, Airflow, Streamlit, Machine Learning. Designed an end-to-end retail analytics workflow using Bronze–Silver–Gold architecture, distributed processing and predictive analytics concepts.

SmartHire — AI Interview Platform — React.js, TypeScript, Supabase, PostgreSQL. Built an AI-based interview experience with authentication, session management and personalized candidate feedback.

HR Analytics Dashboard — Python, SQL, Power BI. Developed an analytics dashboard concept for employee KPIs, data analysis and decision-support visualization.

EDUCATION

PGCP-BDA — C-DAC ACTS, Pune — 83.2%

B.Tech — Computer Science & Engineering, R. C. Patel Institute of Technology — 69.6%

CERTIFICATIONS

AWS Academy — Introduction to Cloud & Cloud Operations

be10x — ChatGPT & AI Tools Workshop
